Mesh

Mesh is an elegant piece of furniture with a contemporary character. Designed to create friendly office spaces, it can be easily customised to fit a specific space or need. The Mesh was created with a high attention to detail, combining a tailored, craft-based approach with the precision of high-volume technology. This eye-catching seating solution is composed of sofa, armchair and two tables. A distinctive look and three types of the shield available to choose from make this range extremely versatile. Mix and match various types of fabrics to personalise any space.

The product awarded with iF DESIGN AWARD 2017, an international sign of design and excellence. The iF Design Award is organized by German's oldest independent International Forum Design GmbH.

The collection awarded with prestigious must have2017. The must have is a contest in which the Council of Experts recognizes best projects by Polish designers and manufacturers to reflect the most important trends in local design.

Designer

Krystian Kowalski was born in Warsaw (1982) in an artistic family. He studied Product Design at Royal College of Art in London (MA 2010) and Faculty of Industrial Design at Akademia Sztuk Pięknych in Warsaw (MA 2007).

He gained professional experience when working for design studios in Warsaw, Łódź and in Milan. At Bellini studio he applied prototypes creating based methodology. Over the years 2009-2013 he co-created Kompott Studio, nominated for FX International Interior Design Award (2010) for Breakthrough Talent of the Year. Since 2013 he has been running design studio Krystian Kowalski Industrial Design.

He cooperates with leading furniture producers in the country and abroad. When designing he strives for smart solutions providing sophisticated and unobvious character of the product. His creative process is based on behaviour observations, in-depth analysis of trends and technologies choosing optimal solutions for the brand and production process. Krystian believes in a comprehensive action. He applies advanced computer technologies complemented by work with materials. Bold ideas are born In the studio with pattern shop and materialized in form of prototypes. His works were not only exhibited among others at Mint Gallery in London, MOCAK in Cracow and at Triennale in Milan, but also published in the most important branch magazines.

Mesh Sofa

Being more than beautifully crafted seating, the Mesh Sofa creates a genuine atmosphere. Unique shape and interesting colour combinations make this piece of furniture suitable for any space providing distinctive character. Supporting intimate atmosphere, becomes the shield available in three sizes the most striking feature of the Mesh – not only does it perform specific functions but also changes the look of the sofa.

The Mesh is multifunctional.

It may serve as a place to relax as well as a piece of decoration, and finally as a functional item. It works well in intimate spaces and also provides a great solution for open spaces. Use a large shield to create a comfortable oasis or a less informal area inviting users to talk or relax for a while. In contrast, a small shield is a perfect pick for less spacious areas – it allows the optimum use of space due to its width. It may be also a great addition to home interiors.

Mesh Armchair

The Mesh Armchair is a perfect solution not only due to its practical function – it may serve as the focal point of an arrangement. Thanks to a wide spectrum of fabrics offered this armchair works well in every office space – from modern one, through glamour to a classically decorated space. It provides home-like atmosphere, ensures privacy – above it all complements perfectly every arrangement. A precise combination of two fabrics is perceived as the quintessence of quality and elegance.

This armchair as well as the sofa has a distinctive shield available in three sizes to choose from – translucent upholstery of the shield makes it looking light and delicate. High-comfort and durable fabrics of various textures are at clients disposal when it comes to seat upholstery. Visually appealing colour combination and the variety of fabric textures combined with white or black frame make this armchair highly functional to personalize and will fire up the imagination of every interior designer.
