

MS CEILING PLUS

Minor surgery and advanced exploration luminaire designed to be ceiling mounted. The lamp incorporates a LED light source and a highly precise articulated arm that allows the luminaire to be adjusted in any position.

The quality of the materials used in its manufacture makes it especially suitable for intensive use in surgery and examinations.

Exceptional quality of LED light

The powerful LED light source offers exceptional light quality and a lifespan of more than 50,000 hours.

The high performance of the color Ra 97% depicts the exceptional quality of white light for an excellent distinction of fabrics and its reproducing all visible colors, naturally and precisely.

Ergonomic design

The circular shape of the head and its handle in the lower part facilitate its exact positioning, fulfilling the ergonomic requirements for any use.

Designed with clean and soft shapes which facilitate hygiene and cleanliness in medical environments.

Ceiling Support

The ceiling support is included. It is manufactured specifically for the MS CEILING PLUS lamp.

The MS CEILING PLUS lamp is not compatible with any other accessory.

It is designed to be installed in ceilings up to 3 meters.
